EDUCATION

Institute of Aeronautical Engineering, Hyderabad, India *Expected Graduation: May 2027*
B.Tech in Computer Science and Engineering GPA: 7.88/10

Aditya Jr. College, Adilabad *May 2023*
Intermediate Score: 900/1000

CBR High School, Adilabad *March 2021*
SSC GPA: 10/10

TECHNICAL SKILLS

Programming Languages: Java, Python
Front-End: HTML, CSS, JavaScript, React.js
Web-Technologies: Html, Css, React js and Sprint boot.
Databases / Tools: MySQL, PostgreSQL, Git, VS Code, Postman

INTERNSHIPS

Internship Student – MSME CITD, Hyderabad *Apr 2024 – May 2024*
Deep Learning Intern

- Worked on AI and deep learning concepts with hands-on real-world experience.
- Designed a Deep Learning model using Python to predict [Project Goal], improving prediction accuracy by 10%.

PROJECTS

TROVO — Trusted Resource for Omics and Variant Overview *May 2025*

- Built an intelligent platform that provides biological insights for human proteins — including structure, function, disease associations, and molecular interactions.

ZenPDF *2025*

- Developed a modern full-stack PDF editor with cloud upload, text editing, annotation and secure export features.
- Designed a responsive UI/UX and optimized performance for smooth user experience.

CERTIFICATES

Certificate on Deep Learning – MSME *May 2025*
Certificate on AWS Cloud Practitioner Essentials *2025*

CODING PROFILES

- **LeetCode:** 147+ Problems Solved
- **HackerRank:** 100+ Problems Solved & 6 Batches
- **CodeChef:** 200+ Problems Solved

Portfolios
